Project Proposal

Title: Carstorics

By: Darren Punzalan

Project Description

- **What is CarStorics?**

CarStorics is a webpage compilation of stories and informations about cars and clubs. A place where you don't have to spend time trying to find a specific information on the web because it will be all written here.

Project Description

- **Who is the target end user?**

This website is made for and car enthusiasts.

Project Description

- **What are the objectives?**
To remake google, but all about cars.
